Our Team

The **BTC** Team consists of seasoned professionals that represent a diversity of ideas and experience which allows **BTC** to be more effective for our clients. Our staff consists of employees and volunteers that are well versed in Health and Human Services, Education, Training Facilitation, Administrative Management, Marketing, Legal Support and Job Placement. The goal is to give individuals the information and tools they need, show them how to apply those tools, and support them through the process.

Who Is *BTC BUILDING BRIGHTER FUTURES?*

Founded in 2006, **BTC Building Brighter Futures (BTC)** is a not-for-profit organization committed to helping individuals such as ex-offenders, disadvantaged youth, veterans, recovering substance abusers, those affected by HIV/AIDS, homeless or those at risk of becoming homeless, under employed, challenged credit, under educated, and mentally/physically challenged citizens gain resources and assistance for the next employment opportunity.

Our Mission is to provide “at risk job seekers” a range of specialized services designed to educate, provide direction, counseling, and to empower individuals and their families. We will do this through the job readiness and training services that we provide.

Social Services >>> Transition >>> Job Readiness >>> Success

BTC Building Brighter Futures provides *fee based* services to individuals, cities, counties, state, federal agencies, non-profit, charitable organizations, and private companies who outsource contracts directly related to the services we offer.

Utilizing an established network of resources, **BTC** is able to assess client needs and create personal, career and educational action plans that include social services referrals to partnering agencies, assistance in furthering education, emergency transitional services, life skills coaching as well as career training and job placement.

Finding a Program that works for you >>>

The job readiness training services provided by **BTC Building Brighter Futures** incorporates links to techniques and strategies that consistently improve client resources and delivers a worthwhile experience for non-traditional learners 15 years of age and older.
